

## EweManage with mobiles & Electronic scales

# EweManage with Workabout PRO (PSION)

## EweManage with mobiles

**Notes :**

- Only Windows devices can connect to an electronic scale (refer to scale connexion flow chart) – USB ports may be required
  - For Apple: only Allflex RS 420, LPR or Trutest SRS / XRS readers are compatible
  - All configurations above work only if you have a valid EweManage subscription
  - Obviously, the cheapest is if you use your own existing mobile phone or tablet
- (1) Suggested preferred low cost option Coupled with LPR would be total approx. \$700 +Tx  
 (2) Minimum Android 4 release
